City Clerk Amundson explained that if the city would like to sell a piece of property, the council would have to approve the legal process of selling it which includes a resolution calling for bids for the property, advertising it, then have a bid opening, so other members of the public would have a chance to bid on the property. DPW Kompel asked the council to defer this topic until the November 4<sup>th</sup> meeting. He has researched the property in question and has a call into Pete Olson since the property is not listed as a specific lot and only has a legal description of Shulund Valley View 2<sup>nd</sup> Addition. After hearing from Pete, he would like to meet with Anna for further discussion.

Unfinished Business:

- Levee Safety Committee Report – No Report
- Update on GNDC noncompetitive grant – No Updated Report

Committee Reports: There were no reports for Personnel, Water, Cemetery, Ordinance, or Insurance. Sergeant Edwards mentioned there are possibly three (3) sources of funding available for the camera system; Kathy is researching this. The department is also applying for funding under the High Visibility Grant, but this time asking for less money.

Department Head Reports:

City Attorney Sullivan mentioned she had received a call from the Clerk and Recorder's office regarding the ballots that were mailed out citywide instead of just for the ward with the contested race. The Clerk and Recorder's office would like the city's permission to publish this notice in the newspaper. The council would have to hold a special meeting to do this. After more discussion on this, a newspaper article can be ran; the Clerk and Recorder's office will still have to separate out each ballot and manually count the ones from the contested ward.

Street Foreman Runningen said street sweeping is being done, they are done with the Durapatcher for the year and will now move to cold mix, and they have been hauling in sand.

Sergeant Edwards updated the council on the case management numbers; this will be completed every two weeks.

DPW Kompel handed out the street and alley infrastructure inventory 2018 sheet, that covered a few different areas within the city; this spreadsheet shows which streets and/or alley's need to be worked on and the ones listed in excellent condition have been completed over the past few years. He also gave the council a listing of street improvement funding over the past 3 years.

Public Comment: Council member Karst mentioned he would like on the next agenda gifting agricultural commodities to the City of Glasgow for the pool.

Council member Schoenfelder made a motion to adjourn the meeting. The motion was seconded by Council member Nistler, the meeting adjourned at 6:02 p.m.
